

## **Minimum Equipment on Wildland Equipment**

NFPA 1906 Chapter 10 Equipment Carried on Wildland Fire Apparatus

### **Suction Hose**

If suction hose is provided, the hose shall comply with NFPA 1961, Standard on Fire Hose, and a suction strainer shall be furnished.

### **Minor Equipment**

Equipment on the following list shall be available on the wildland fire apparatus before the apparatus is placed in service.

1. Two solid bottom wheel chocks mounted in a readily accessible location
2. One approved, dry chemical portable fire extinguisher with a minimum 40-B:C rating mounted in a bracket fastened to the apparatus
3. One first-aid kit
4. One set of tire tools including a jack and lug wrench, if a spare tire is carried on the apparatus
5. One reflective triangle kit

Brackets or compartments shall be furnished to organize and protect the equipment.

A detailed list of who is to furnish the items and the method for organizing and protecting them shall be supplied by the purchasing authority.
