Agricultural and Farmland Protection Board

*Please come and share your questions and suggestions so that we can
support those efforts that will grow agriculture in our County.*

Agriculture is an oftentimes neglected and even a forgotten driving force of Cattaraugus County's economy. The Cattaraugus County Agricultural and Farmland Protection Board is hosting an open discussion and invites you to come and share your ideas on how we can protect and grow the agricultural component of our economy. A panel of local experts will each give brief comments on their view of the current status of agriculture in our County and the region. Dave Zilker, Chairman of the Cattaraugus County Agricultural and Farmland Protection Board, will then moderate an open discussion, so please bring your ideas and share them with us. Light refreshments will be available.
