303 Court Street
Little Valley, NY 14755

Emergency Medical Technician Course Textbook Information February 2016

Students are responsible to obtain their own books and bring them to class. Having a textbook and CPR book are requirements to take any original or refresher EMT training. Workbooks are recommended and may be required by individual instructors; contact your course instructor for details.

EMT/ CFR Book: **Brady Emergency Care 13th Edition - Publish Date: February 21, 2015, by Prentice Hall**
ISBN-13:978-0-13-4024
By Daniel J. Limmer, Michael F. O'Keefe, Harvey T. Grant, Bob Murray, J. David Bergeron, Edward T. Dickinson

CPR Book: **American Heart Association BLS Provider Manual – 2015 Standards**
AHA Item # 15-1010 or #15-3102 (e-book)

Each individual student must have a CPR book and textbook (workbook too depending on course policies) in order to complete the course. Electronic versions of the books are also available and acceptable. Students may choose to borrow a book from a fellow EMT or buy a book. Students should talk with their sponsoring fire department or EMS agency to see if they are willing to cover the cost of the books, although that decision is up to individual departments' policies. Websites listed below may assist you in finding books; other options are available. Contact the Office of Emergency Services with questions at (716) 938-2244.
